

Neinor Homes commitment to adhere to the United Nations Global Compact

Neinor Homes seeks to actively participate in the "United Nations Global Compact", assuming a commitment to sustainability and the progress of society, as a leading company in sustainability in its sector, and which seeks to generate a positive impact on the environment through the effort and rigor of its actions and the people who compose it.

Responsible business commitment

Neinor Homes is aware that a sustainable company must be economically, socially and environmentally sustainable.

Therefore, our responsible and sustainable business strategy is based on the 17 Sustainable Development Goals (SDGs) of the United Nations' 2030 Agenda.

Sustainable Development Goals (SDG)

The integration of the SDGs into our business plans are a model for long-term growth that will enable:

- Contribute to **improve our society and the planet.**
- **Increase employee and collaborator satisfaction.**
- Stronger strategies and favor **business development.**
- Improve the **company's reputation.**

Commitment level

The Group's Senior Management opted to join the Pact as a **Partner** at the **Participant** level (maximum level of participation and commitment to the initiative), assuming the commitment to present an annual Progress / Sustainability Report.

Neinor Homes applied for membership in January 2021 by sending a letter of commitment signed by the CEO.

In March 2021, the **United Nations confirmed the Group's adhesion** to the pact, **effective February 9, 2021.**
